## ECA Activities

- Each society can organize any event (performance /workshop/walks/inter-department events etc) within the academic year and subjected to the budget allocated to it and within other logistical constraints that might prevail in the university in terms of space, overall availability of funds etc. The final approval would rest on the Master Calendar and financial feasibility of any proposed event.
- Events should be organized that will not clash with any pre-scheduled academic activities like classes, examinations etc.
- Each activity should be organized as per University norms and codes of conduct.
- Each society should plan and submit a proposed calendar of events along with a budget to the Office of Assistant Dean of Students at the beginning of each academic year.
- All events must take into account the larger sense of South Asian sensibility and identity which are at the core of the university's mandate and should also adhere to the university's cultural policy.
- For more information and specific rules, please refer to the document, 'Societies for Extra Curricular Activities (ECA) at South Asian University: Renew of Membership and Election of Student Coordinators' on the SAU website.
