## CSE Summer Research Internship

**OPEN**

**Duration: 4-6 weeks from 1<sup>st</sup> June 2026**

**Objective:** The CSE Summer Research Internship Program provides hands-on experience in core and emerging areas of computer science. Students will work on guided research projects under faculty supervision, applying theoretical knowledge to real-world problems. The program emphasizes the development of practical computational skills, scientific methodologies, independent thinking, and collaboration. Key goals include nurturing research aptitude, gaining exposure to advanced tools and technologies, building professional networks, and preparing students for higher studies and research-oriented careers.

### Research Areas where Internship positions are open:

1. Image Steganography, Community Detection, Quantum Computational Intelligence ([Prof. Pranab Muhuri](#))
2. Data Science and Analytics ([Prof. M. Abulaish](#))
3. Machine Learning and Statistical Intelligence Lab (Areas: Machine Learning, Bioinformatics, Federated Learning, Quantum Computing) ([Dr. Reshma Rastogi](#))
4. Social Network Analysis ([Dr. Shashank Sheshar Singh](#))
5. HCI and AI for Healthcare Applications ([Dr. Ashwini B](#))
6. Big Data Systems and Analytics, Real-time Stream Processing, Unsupervised Machine Learning ([Dr. Rajesh Ranjan](#))
